Toshiba TDP-EX20U

Conference Room Projector

Extreme Short Projection = Extremely Brilliant Presentations

That's the formula behind Toshiba's TDP-EX20U, with its wide-angle lens, built-in wireless, and other brilliant features.

TDP-EX20U Projector

Get ready to get in close—then close the sale.
The nearer you are to your subject, the closer your audience is to you.

That's the strategy behind the TDP-EX20U, Toshiba's extremely bright conference room projector with Extreme Short Projection (ESP) capabilities—plus a wealth of other advancements designed to give you more power and freedom to make your point.

Ideal for Ceiling-Mounted Set-ups

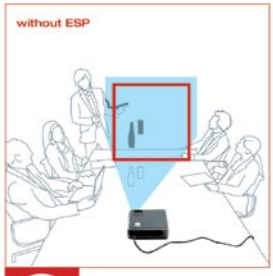
With the EX20U, you get the full-size image you need to make your point, plus room to roam, but NO shadows or glare.

Without ESP—you need more distance to create a suitable image—which leads to more shadow and glare.

Plenty of Image. And Plenty of Room.

With the EX20U—you get a large, perfect image, plus space for laptops, notepads, documents and more.

Without—you're stuck with an image that's way too small to be effective



...or glaring light and shadows.

ESP puts you front-and-center—not in the middle of the room.

The secret to Extreme Short Projection—and more flexible presentations is the TDP-EX20U's wide-angle lens, which lets you cast an amazing 60" image from just three feet away. You'd have to put other machines in the middle of the room for that.

The TDP-EX20U gives you a more sizeable screen so you can expand, amplify and truly amaze, and all the space you need to work the room—without taking up room.

Picture perfect presentations

Toshiba's TDP-EX20U not only gives you a bigger image in much less space, it also gives you brighter, crisper, more true-to-life images, thanks to its sharp XGA resolution, 2300 ANSI lumens of brightness, and advancements like DLP® Brilliant Color™ and Toshiba Natural Color Enhancer4 for showcasing your complex charts, breakthrough designs, and your breathtaking photos.

Free yourself—and your imagination

Extreme Short Projection isn't the only freedom you'll enjoy with the TDP-EX20U. With its built-in wireless capabilities you can run the show unplugged from your notebook, and leave the cables at home. Or work entirely PC-free using the USB thumbnail drive. And with the machine's Vista-capable networking power, IT can monitor the projector remotely, leaving you to seize the moment—and bask in the applause.

Business is better when you're up close and personal—with the TDP-EX20U. See your Toshiba retailer or value-added reseller today. Click on www.sell.toshiba.com for more information.

What Makes the TDP-EX20U Shine. And you too.

- A very wide-angle lens for Extreme Short Projection (ESP)
- Advanced wireless and networking capabilities
- USB thumbnail drive for PC-free presentations
- Hush-quiet operation
- A dazzling 2300 ANSI lumens of brightness
- DLP® Brilliant Color™ and Toshiba Natural Color Enhancer4 for more lifelike images
- Fully Windows Vista-compatible

Inside the TDP-EX20U

Product Specifications[1]	
Display	.55" DMD™ DLP®
Projection Lens	F = 2.6 / f = 8.37, fixed zoom/manual focus
Throw Ratio	.74
Aspect Ratio	4:3 switchable to 16:9
Lamp	275 W (220W ECO mode)
Maximum Lamp Life	2,000 hours (Standard mode), 3,000 hours (ECO mode)
Brightness	2300 ANSI lumens
Native Resolution	XGA 1024 x 768
Built-in Wireless Technology[2]	IEEE 802.11bg
Color Reproduction	Full 16.7 million colors
Contrast Ratio	2000:1
Picture Screen Size (diagonal)	40" - 100"
Projection Distance	1.9 ft - 4.9 ft
Optical Offset	130%
Frequency	15 - 120 kHz (hor) /50 - 150 Hz (ver)
Input Terminals	RGB (D-sub 15), Video (S-video, RCA), RGB Audio (stereo mini jack), Video Audio (RCA)
Input Signals	NTSC/PAL/SECAM, HDTV/DTV (480i, 480p, 576i, 576p, 720p, 1080i) VGA, SVGA, XGA (native), SXGA/WXGA/UXGA (compressed)
Output Terminals	RGB (D-sub 15), Audio (stereo mini jack)
Other Terminals	RS-232 (D-sub 9pin), RJ-45, USB
Picture Color Enhancer	DLP® Brilliant Color™ and Toshiba Natural Color Enhancer4
Keystone Correction	Auto vertical +/- 18°
Noise Level	33dB (28dB Eco mode)
Internal Speaker	1-Watt monaural
Dimensions	13.3" (W) x 10.5" (D) x 5.2" (H)
Weight[3]	9.2 lbs.
Power Source	100 - 240V, 50/60Hz
Projection Orientation	Front, rear and ceiling
Warranty[4]	2 year parts and labor, 90 days warranty for lamps
Extras	Windows Vista® Network (WLAN und LAN), password, panel lock, user logo, DDC compatible
Box Contents	Remote control with laser pointer, mouse IR receiver, user's manual, CD-ROM, power cord, soft carrying bag
Optional Accessories	Ceiling mount, service replacement lamp, document camera

Toshiba Projectors are Bright, Brilliant—and Green

Toshiba's commitment to quality and innovation is fully matched by its desire to help the environment. That's why we intend to double our ecological efficiency by 2010, while currently adhering to the Restriction on Hazardous Substance Standard (RoHS). So as you enjoy the power and versatility of your Toshiba projector you'll be glad to know it's also RoHS-compatible, manufactured with restricted use of lead, mercury and other hazardous substances.
